Message to the Graduates _____

Gerald G Huesken
President
Leadership Lancaster Board of Directors

Congratulations are due to our CORE graduates of 2008 on finishing their Leadership Lancaster year with great success and accomplishment. Leadership Lancaster was only in its third year of existence when I finished my experience in the CORE Class of 1986. Twenty-two years later, my enthusiasm and passion for Leadership Lancaster are still going strong. Leadership Lancaster has given me an incredible opportunity, especially as someone involved in the world of education, to network with leaders outside of my field and to make unique connections for the benefit of my school district and my students. Although many things have changed over the course of the years, the central mission of this significant organization has never wavered in developing outstanding community leadership to meet the needs of Lancaster County.

The key to Leadership Lancaster's success will always be about the relationships. Thus, we all have a shared responsibility to bring new people from varied backgrounds aboard who have the vision to maintain this quality organization and our quest to transform the Lancaster County community with educated, connected, and inspired leadership. As I mentioned at the opening orientation session, in the words of former President Dwight Eisenhower, "We, the people, elect leaders not to rule but to serve." Graduates have been selected to participate in this program not for personal gain or recognition, but with the commitment to give back to and to serve our community. Our example is the true sense of leadership embodied in Leadership Lancaster. As we complete our 25th year of existence, do not waiver in continuing to make your contributions back to this outstanding community and to the proud tradition of Leadership Lancaster.

Best,

The greatest care was taken to assure the accuracy of this directory based on the information provided. Should an error or omission have occurred, Leadership Lancaster extends our apologies and requests that all corrections be brought to our attention.

This list is current as of May 5, 2008.

LEADERSHIP LANCASTER PROGRAM YEAR

Dear Leaders

Deb Rohrer
Executive Director

It is a great time to become an alumnus of Leadership Lancaster as it celebrates 25 years of developing leaders. You join over 1600 alumni who are making a difference in the community, changing lives everyday. Congratulations on your accomplishment and the commitment you have made.

Leadership Lancaster continues the legacy of training leaders who are willing to contribute their time and talents toward goals for the common good. The community is ready to welcome new and inspired leadership and you stand trained and ready to serve.

It has been a year of transformation and much enthusiasm. We are confident that the skills you developed and the confidence you gained will serve you well as you go into the community to help others. Most importantly, we hope that the relationships you have built are lasting ones.

It has been a pleasure learning with you. I am inspired by all of you and am honored to have experienced these past nine months with you.

Thank you for your leadership.

Susanne Hershey-Babec
Program Director

Time certainly does fly when you're having fun! It's hard to believe another year has come to a close. I have greatly enjoyed getting to know all of you and sincerely hope that you will continue to stay in contact. Congratulations on your accomplishments this year. You are truly a remarkable group of people. Thank you for your dedication, not only to Leadership Lancaster, but to the Lancaster community. I can't wait to see what exciting things you accomplish for our community after graduation. My very best wishes to you all.

Again, congratulations.

Our History

Leadership Lancaster celebrates training men and women from diverse backgrounds to be stewards of our community. Every day, graduates of Leadership Lancaster are making a difference in Lancaster County, spending an average of 10-15 hours per month in volunteer service.

How did this legacy of service begin? The path to Leadership Lancaster's inaugural class began in May of 1982 when the Junior League of Lancaster voted to begin a 2-year project on volunteerism that would grow into Leadership Lancaster.

The League looked to the Lancaster Chamber as its logical partner in Leadership Lancaster because the business community was key to developing new leaders and had experience across the country in developing leadership programs.

After 20+ years, the success of Leadership Lancaster is evident in the 1,500+ graduates who have been privileged to participate. Over 100 companies in Lancaster County sponsor Leadership Lancaster programs, and over 125 men and women volunteer each year as faculty and facilitators for the class sessions. This has resulted in well-trained, dedicated alumni who are serving their community in countless ways. Over 87% of graduates have maintained or increased their volunteer hours since graduation.

LEADERSHIP LANCASTER CLASS OF 2008

The **Core Class** is a challenging and life-enriching nine-month course, designed to train, develop and enhance community leaders.

Community Action Team (CAT) Team Mentors

Participating CAT Group Organizations

Community Action Teams (CAT) offer opportunities to practice team building, team processing and leadership skills through the exploration of community topics. Each class member is required to participate in a team of 6-7 participants which will be established based on self-selected interest areas concerning Lancaster County. The groups are then paired with an Lancaster based organization that reflects the interest of the group members. The process is the learning emphasis for this experience.
